

Template 8

A modern, split-screen layout designed to anchor a primary concept (Main Idea) and systematically unveil supporting information. This design utilizes a "high-contrast" panel for information density against a light, illustrative anchor.

Color Palette

- **Primary Background (Left):** Platinum Blue (#E6ECF2).
 - **Secondary Background (Right):** Oxford Blue (#052438).
 - **Main Idea Header:** Linear Gradient of Dodger Blue (#0496FF)
 - **Subtopic Borders:** Dodger Blue (#0496FF).
 - **Iconography:** Oxford Blue (#052438) outlines with Dodger Blue (#0496FF) accents.
 - **Text:** Pure White (#FFFFFF) for readability.
-

Layout & Key Elements

The Visual Anchor (Left)

- Occupies the left 45% of the frame.
- Features a large, clean placeholder line-art icon that establishes the theme

Use the Icon Library and pick out an icon.

The Information Panel (Right)

- **The Header Pill:** A prominent, "Main Idea" pill at the top, featuring a placeholder interface icon. The white text within this header pill is Satoshi black, sized at 55px.

Asset: Title_Pill.png

- **The Detail Stack:** A vertical stack of six thin, stadium-shaped pills with blue outlines. The text within these shells is Satoshi bold, sized at 33px.
- **Interactive Markers:** Each supporting detail pill contains a "+" icon on the far left, signaling additive information.

Asset: Pill_Outline.png

Animation Logic

Phase 1: The Foundation (0:00 - 0:01)

- **The Background Split:** The screen divides into the light gray left and dark navy right sections.
- **The Anchor:** The large icon fades in with a soft 0.5s opacity transition on the left.
- **The Header Reveal:** The "Main Idea" header pill slides in from the right to establish the primary subject.

Phase 2: The Sequential Entry (0:01 - 0:15)

- **The Empty Shells:** Pill_Outline.png smoothly scales up from 0 and once the scale is done, a typewriter effect reveals the text within the shell.

- **The Stagger:** Each row begins its entrance exactly as the row above it finishes, creating a continuous "waterfall" effect.

Design Strategy

This template is built for education and hierarchy. By separating the "Main Idea" in a solid gradient pill and keeping the "Supporting Details" as outlined shells, you visually rank the importance of the information.
