

Title_Screen_Template

A professional and cinematic title screen template designed for video introductions. It is always the first screen in our lessons. The design features a deep, immersive aesthetic with a focus on clear typography and a high-contrast colour palette of Oxford blue, dodger blue, and white.

Background: A rich, dark Oxford Blue (#052438) background featuring a soft, radial gradient or "spotlight" effect in the upper right quadrant, adding depth and a premium feel to the composition (Asset: Title_Screen_Background.png). The layout utilises a "rule of thirds" approach, placing the primary information on the left while using the gradient light on the right to create a balanced, modern, and uncluttered cinematic look. Bottom right of our screen is our small logo (Asset: Logo.png)

Key interpretable elements include:

- **Top-Left Branding:** A small Course icon coloured in vibrant dodger blue (#0496FF) (Example: If the course is project management I'd use a dodger blue (#0496FF) clipboard icon) The left aligned text is rendered in a clean, white font (Satoshi bold 37px) at a small scale to act as a persistent header.
- **Central Title Block:** Located in the centre-left of the screen to allow for visual balance: Text is left aligned.
 - **Lesson Label (Top Line):** The words "Lesson One" (or relevant number) in a bold, Dodger blue Satoshi bold font at 37px.
 - **Main Title (Bottom Line):** The placeholder " Lesson Title" in a large, high-impact white Inter Extrabold font at 74px.
